Cocoa & Chocolate

FOR BAKING  
THE DIFFERENCE

## COCOA PRODUCTS

We manufacture cocoa products using cocoa nibs and cocoa cakes, directly sourced from Ghana, Ivory Coast, Indonesia, Malaysia and others. The products are ideal for applications in Confectionery, Bakery, Ice Creams, Biscuit, Dairy products, cosmetics etc.

## COCOA POWDER

Our cocoa powders range from the natural type, and from the light, medium and strongly alkalized types, to ultimately black colours. We also customize powders to obtain the desired colour and flavor profiles.
